The apple of my eye. Just the thought of you sends shivers up my spine. You are magestically divine. If only we could spend the rest of our lives together. Somehow, that day at the Club, I secretly wished you had turned around to see me there. I never knew love until I met you. Don't ever forget me and everything we shared.

I don't have to sign this because I know that you will always know who I am and what I was

STARS SHINE

We the Valhalla Staff of 1986-87, are pleased to produce the yearbook of a school ***"Where The Stars Shine"***. We are proud of our accomplishments in sports, music, scholastics, and activities inside and outside of school. Every student counts, and everyone can make a difference. Each student is a star in his or her unique way, and the whole student body of shining stars unite to form the galaxy of Lynbrook High School!

With our Viking spirit and sheer determination, we can make it and have our dreams come true. So, Welcome to the twenty-second edition of **VALHALLA**. Walk with us through the memories of 1986-87, and walk with us to discover why Lynbrook is the special school **"WHERE THE STARS SHINE".**

FASHION

A frustrated yell echos from the depths of the closet "What is there to wear today?!!! Fashion of the time plays an important part in the lives of Lynbrook students. Whether it's because we want to be in, or want to be out, we want to know what's going on. Everything from the wild and wacky to the ***GQ*** look can be found on campus. Large dangling earrings, short, short hair in a variety of colors, unusual ties with classy sports jackets, funky prints with lots of paisley, and the ever popular 501 jeans all have their place within the realm of fashion at Lynbrook. Black and khaki have made appearances as well as bright splashes of color. Students find their own particular styles everywhere—from the most expensive store in Vallco, to the cheapest thrift store. Wherever the clothes are purchased, it can't be denied that they give Lynbrook a certain panache all it's own.

TRANSPORTATION

What is the average Lynbrook student's fascination with cars? What causes a newly licensed student to take half the school out to lunch? What causes a sophomore or junior to drive around for no reason with his friends? What causes a senior to desire a new car? Is it the feeling of freedom, or is it just the American teenager's rite of passage that says "no more will I have to ride that little kid's bike?" These questions may never be answered—at least until the last car has vanished from earth.

Has it always been this way? No. This was not the case in the 1960's. In the sixities it was more of a "privilege" to have a car. The really important people had their own cars, whether it was a new Volkswagon Beettle, a '57 Chevy, a '65 Mustang, a '62 Corvette or the '64 GTO. Yes, those were the good 'ole days. What is wrong with Lynbrook student's cars today? Nothing, they are just signs of the times.

If you do not drive or do not ride a bike, how does one get to school? If you are freshmen you could walk or get a ride from "mommy" or "daddy". If you are a sophomore, you can "mooch" a ride off an upperclassman. What if you do not have upperclassman friends? You get a moped. Actually mopeds are losing in popularity to scooters. The Honda or Yamaha scooter is the one to be seen on. Who said only clothes are fashionable?

"PERFECT DATE"

It's finally Friday, one more period to drag through before the weekend. While your history teacher is trying his hardest to cram all that is possible into your head, all you can think of is that date, ***The Perfect Date.***

You're sitting in a red Ferrari next to "HIM", your ever perfect date. You see the night scenes flying by through the slightly tinted windows. By the time he parks the car in the driveway, you feel as if you've entered a world beyond reality. He leads you into the dining room, candle lit and romantically quiet, just like the scene from Sixteen Candles. The stereo is playing "Stand by Me". You see his face moving closer and closer to your face . . . . . ."Miss Smith . . . . ." Suddenly, you're pulled back into reality by the shattering voice of your history teacher. Although it was only a dream, perfect dates have that special "Spark" among themselves.

WEEKEND ZONE

Weekends. They represent the best in life to us. The best we look, the best we feel, the best places to go, the best people to be with. The hardships of academic life would hardly be tolerable were the weekends not there for us to fall back on. If this was your last weekend ever, What would you do? Senior ***Eric Klavins*** says he would, "Take a trip to New York, stand in the middle of Time Square and sing 'The Lion Sleeps Tonight'." ***Lori Salo***, senior says she would, "Do all the things I want to do now but can't because of restrictions and responsibilities because if there was no more future it wouldn't really matter." In the meantime, we'll do as one Lynbrook soph. says, "PARTY!!"

SUMMER BLUES

"Hello mudder,
Hello fadder,
Greetings from
Camp Hiawatha . . .
Swimming's cool here
If it'd stop raining.
Food is awful,
But I'm not complaining . . . "

This old song brings back the memory of time spent away at camp. Parents received the typical "Hi. I'm here. Having a great time," postcard from students who are doing everything from counseling to torturing themselves in athletic camps.

Some ambitious Lynbrook students went job hunting the first day of vacation. After the confusion of applications and nervousness of interviews they secured a job that "paid more than minimum wage". Although the work was hard and long, the money provided an escape out of the house and into the night life.

"Let's go to the beach," is heard often enough in the summer. Whether we got there in early afternoon or in the middle of the night, we enjoyed the sand, sky, and ocean.

But now that school has started and all free time is wrapped up in activities and homework, we're all singing the summertime blues.

Jen,
1-3 periods were great! I am sorry that you transfered out of french, but it was a stupid class anyway. I hope I see you over the summer, because you are a blast to be around. If I don't see you, I will definitely when we are seniors.

WE HAVE ONLY JUST BEGUN

Louie Louie, Oooooaooh, we gotta go, Ya Ya Ya Ya . . . The awesome seniors, dressed as angels, danced their way through "Valhalla", as well as a very successful day. With long nights spent building a Viking Ship, and after borrowing mucho pallets from supermarkets, the first class Senior Vikes built a floating stage in heaven. The seniors also dedicated a graveyard to 'Tino football players for a victorious homecoming game, which literally sent Cupertino to their graves by slaughtering them 34-3. Following a sleepless night at ***Michelle Marks'*** house, the seniors twisted and shouted when announced the victors of this year's Spirit Week Competition.

LET'S TRAVEL

"I've been at Lynbrook for four years, and this is the best one I've seen", that's what senior ***Jeff Hammond*** said about the underclassmen's decorations in the rally court during Homecoming Week. The week began with the freshmen and "A Trip to the North Pole". They covered the rally court with snow and igloos. There was a variety of Christmas characters ranging from Santa Claus to toy dolls. On Tuesday, the sophomores took over with "Travel Through Music". They took us back to the hop and Woodstock, and reminded us of the disco-age and modern MTV. A giant jukebox blasting songs of the last thirty years dominated their decorations, which also included a soda shop, a discoteque and a stage with a Reggae band. It was the juniors' turn for decorating on Wednesday. They took us "Around the World in '88 Days", showing us major landmarks from many countries. A walk along their pathway would have shown you Niagra Falls, Mt.Rushmore, the Eiffel Tower, and the Great Wall of China, just to mention a few. The spirted juniors dressed as different nationalities as well as tourists and travel agents.

And all this in preparation for the Seniors . . . . . .

VIKING SPIRIT COMES HOME!

'Twas the day of Homecoming, and under the sun not a Viking was stirring, not even a one—inside the gym EVERYTHING was stirring!

Stirring, with excitement over the clash between the valiant Viking Varsity players and their trembling opponents. Everyone chanted and cheered. Finally, in the screaming end, the Class of '88 took away the coveted "Most Spirited Class" banner.

The magnificent Valkyries put on a stunning performance for 1,500 captivated spectators.

No less breathtaking was the performance of our very own band, with ***Eric Lockman***. At last, the awaited moment came Homecoming Princesses and Escorts were led out onto the floor, presented to the gym's audience.

"It was such a thrill", said Princess ***Denise Chavez***, "I'll never forget it!"

AND WE DANCED . . .

On Saturday, October 18, Lynbrook's class of 1986 came home for the annual homecoming dance. Thrilled by the overwhelming victory by the football team over the Cupertino Pioneers the previous night, the crowd was ready to have a ball, or at least a dance. The presence of the homecoming court added to the festive spirit of the occasion. With the presence of such a diverse group of people, from the class of 1986 all the way to the class of 1990, it was a great chance to meet new people, and especially to catch up with our newly departed friends. In addition to rekindling old friendships and striking up new ones, the Vikings danced, of course. Appropriately named for the occasion, the band, The Extatic, played a wide variety of rock n' roll ranging from old time classics like "Louie, Louie" to Huey Lewis, even to RUN DMC's "You Be Illin'". All too soon, the magic of the evening ended, and the tired but estatic Vikings went home.

HOMECOMING SHINES!

And the winner is . . . was the announcement that everyone seemed to be waiting for. Halftime of this year's Homecoming game had finally arrived. The stands were filled with loyal Lynbrook students and Homecomers waiting for this exciting occasion.

The Royal Court made its grand entrance in vintage Thunderbirds. The cars circled the field with freshmen ***Yvette Meré*** and ***Phil Kelly***, sophomores ***Traci O'Hagan*** and ***Jim Heuser***, juniors ***Elizabeth Jones*** and ***Bryan Morehouse***, and seniors ***Denise Chavez*** and ***Jeff Hammond***, ***Donna Hernando*** and ***John Gomersall***, ***Lynn Stepovich*** and ***Steve Harris***, and ***Kristen Texeira***, and ***Steve Guerra*** anticipating the big moment. The 1985-86 Homecoming Queen, ***Kim Fitchen***, and King, ***Tom Alloggiamento***, anxiously stood by to transfer their crowns.

As the Lynbrook Marching Band and Valkyries performed in honor of the court, the time of coronation drew near. At last, as the audience became quiet, the announcement was made . . . ***Donna Hernando*** and ***Steve Guerra*** were to be the 1986-87 Homecoming Queen and King!

TWIST AND SHOUT

To cure the lunctime blues, various noontime activities were held this year from steal the bacon, twister, bobbing for apples to whiffleball. Vikes of all grades were engaged in the fight to win points for their classes. In the midst of the intense competition, emotions ranged from exhilaration to gloom as participants rode the roller-coaster from the thrill of victory to the agony of defeat. But, perhaps noontime commissioner ***Susan Silva*** summed it up best when she said, "Despite the distraction facing everyone, all the people had a great time."

☆☆☆☆ PERFORMANCE

" Magnificient. Hysterically funny. One of the best productions the Lynbrook drama department has performed . . . "

Rave reviews followed the three night performances of Done to Death, a mystery-comedy written by Fred Carmichal. Five mystery writers figuring out the plot of a story succeed in committing eight murders, including their own. Sound impossible?

Nerve racking auditions held the first week of November succeeded in narrowing down the huge field of eighty auditioners to the mere eighteen aspiring actors of the cast.

Once the selection process was complete, the cast and crew spent three to six hours four days a week blocking scenes, learning lines, and building sets with direction from ***Mr. Logan***, who is new to Lynbrook. Food runs during ten minute breaks sufficed for dinner, and homework often waited until the end off rehearsals.

Alltogether, the cast, the crew, the directors, and the hard work made for a show that was "Good, All good."

On December 22, 1986, many Vikings dressed in their finest formal dresses and tuxedos and headed for some of the finest restaurants in town. After an extravagant (and expensive) dinner, the couples set off for the Sunnyvale Hilton. Whether by car, limo, or bus, they all made it, dressed in the latest fashions. The couples danced the night away to the music of Broken Toys with only one interruption-a break at 10:30 for the coronation of the king and queen of the winter formal. The nominees , who were chosen by the faculty and administration, were introduces and each presented with a rose. They who would be king were ***Ravi Asini, Scott Huber, Steve Lippman***, and ***Ron Whitmore***. Nominees for queen were ***Alison Brunner, Katie Roberts, Adrianne Tovar***, and ***Kathy Zaelit***. After a dramatic wait and a tension building drum roll, the king and queen were announced, ***Scott Huber*** and ***Alison Brunner***.

WE GO TOGETHER

It all started with one simple question, "Will you go to the Sadies with me?" and it could end up being one of the most wonderful nights of your life. The evening traditionally starts with dinner, the girls treats, of course. Couples hit the popular Lynbrook hang-outs for a hearty meal, or parentless houses for a home cooked meal. Then we all pile into our cars and head towards the incredibly decorated gym. It was transformed into one giant childhood memory, complete with crayons and giant baby blocks. Couples dressed in assorted costumes from Pebbles and Bam-bam to little Kids playing on the beach for a pair of Dagos. As eleven o'clock drew closer we danced the night away to the sounds of Epic Rumors. After the dance, couples headed off in a variety of directions. No matter where they went, it was a fun-filled evening for all.

WE'VE GOT MAGIC TO DO

"Join us, leave your fields to flower,
Join us, leave your cheese to sour,
Join us, come and spend an hour or two . . ."

These words reverberated through the Lynbrook auditorium on May 7, 8, 9, 14, 15, and 16 in the opening number of "Pippin", the school musical.

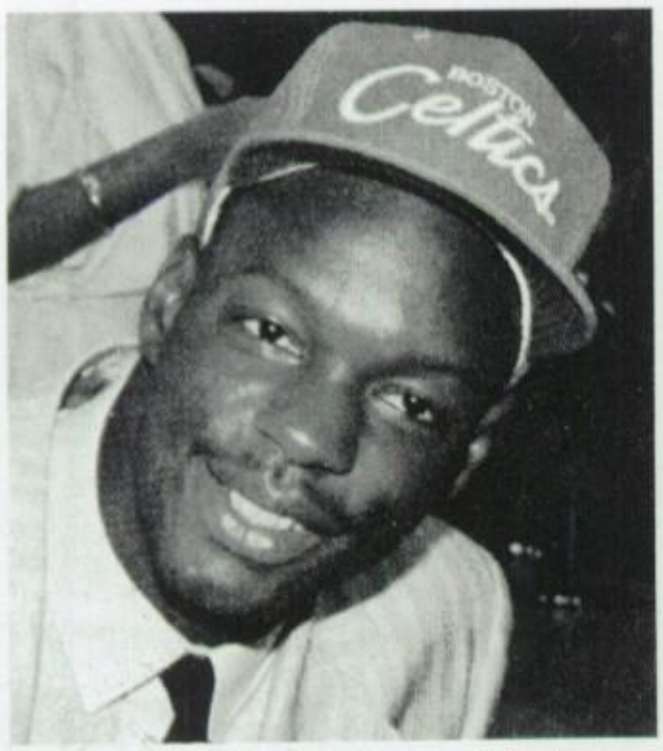
The plot revolves around a troop of players presenting the story of Pippin (***Lee Gumby***), son of Charlemagne (***Larry Jerdes***). In the story, Pippin wanders through his life trying to discover how to put true meaning into it. He experiences the three W's: war, women, and love (wait-love doesn't have to start with a w) in which some of the central characters emerge, such as Catherine (***Emily Fishman***), a young widow with "a small boy and a large estate", Bertha (***Julie Jackolat***), Pippin's advice-giving grandmother, and her weightlifting son Lewis (***Dennis O'Brian***). All in all, the cast and crew had "Magic To Do" and they did it with energy, elan and success.

"WE INTERRUPT THIS PROGRAM . . . "

No country was left unscathed by the disasters, debacles, and diplomatic dives that occurred in the past year. Accusations flew over the Iran-Contra Scandal, basketball player ***Len Bias*** died from a cocaine overdose as he stood on the threshold of a great future, 'Star Wars' shot down summit meetings, the U.S.S.R. was struck by nuclear disaster when the Chernobyl reactor melted down, ***Kadaffi*** (the only nice thing is that it's nearly impossible to misspell his name) wreaked havoc through terrorism, drawing heavy fire (verbally, politically , and literally) from the U.S., and South Africa was devastated by racial violence.

But there was some good news, too- the Philipines won a free government when the people used their power to install ***Corazon Aquino*** as president over ***Ferdinand Marcos***, pilots ***Dick Rutan*** and ***Jeana Yeager*** made aviation history in the Voyager, and the statue of Liberty had an unforgettable birthday bash.

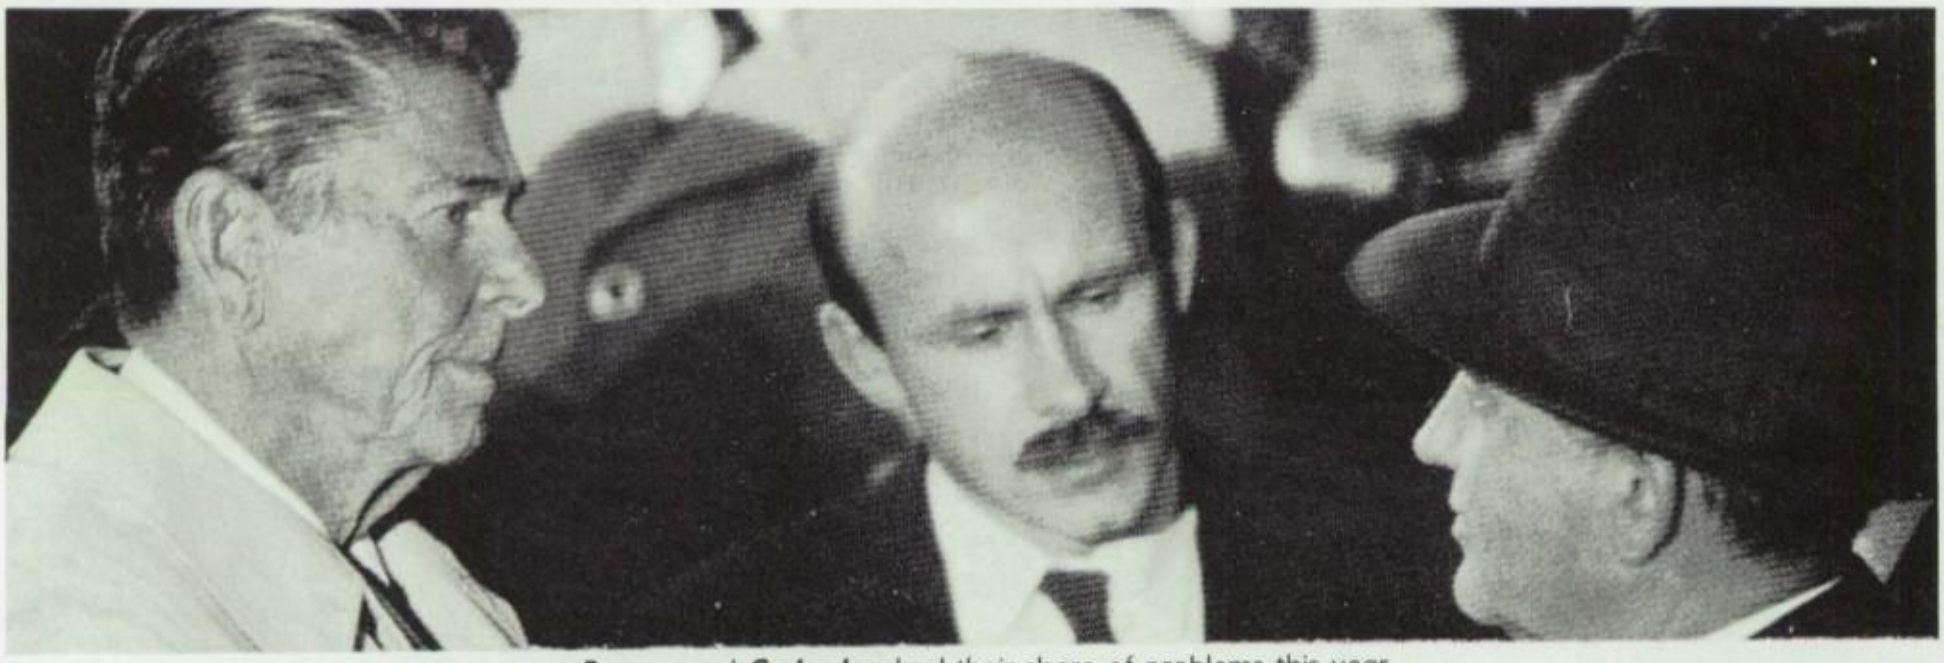
Corazon Aquino took over over this year as president of the Philippines.



Three days after being drafted No. 1 by the Boston Celtics, ***Len Bias*** died of a drug overdose.

The crisis with Lybia's ***Muammar Gaddafi*** led to the air raid on Tripoli.

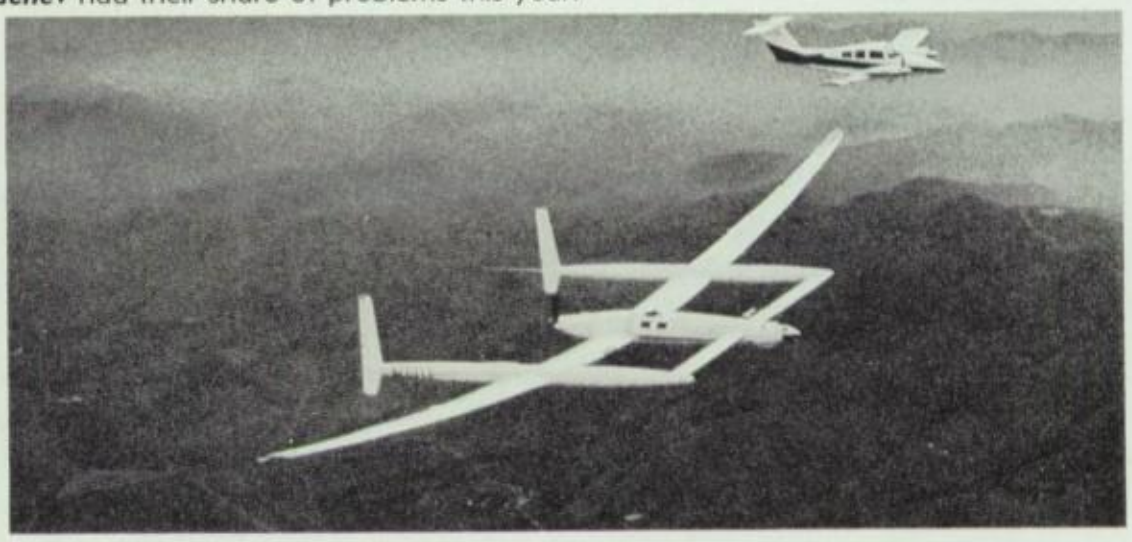
Apartheid-the never ending struggle

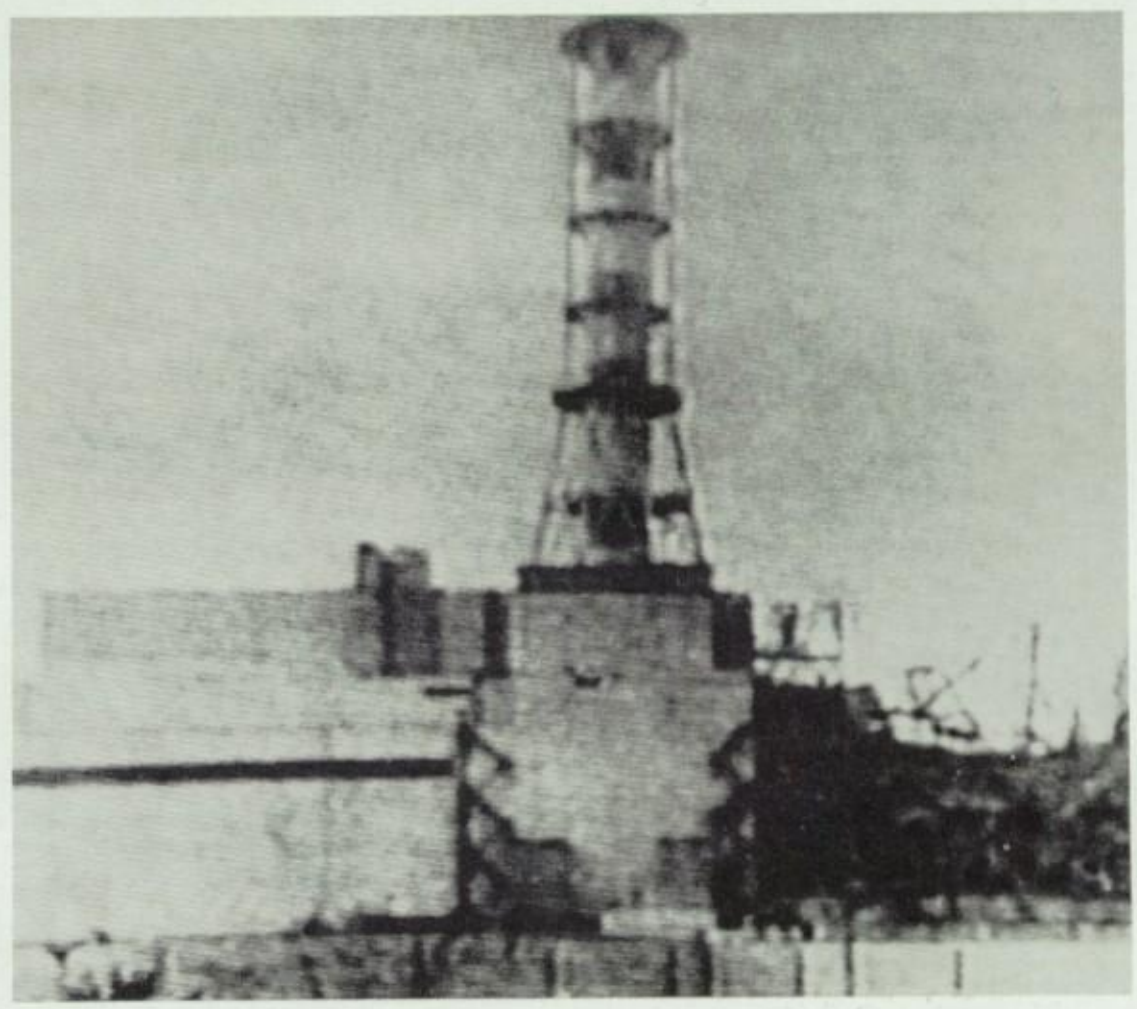


Reagan and ***Gorbachev*** had their share of problems this year.

▲ This past year, the Statue of Liberty celebrated her 100th anniversity!

▲▲ The year had more than its share of terrorist attacks.

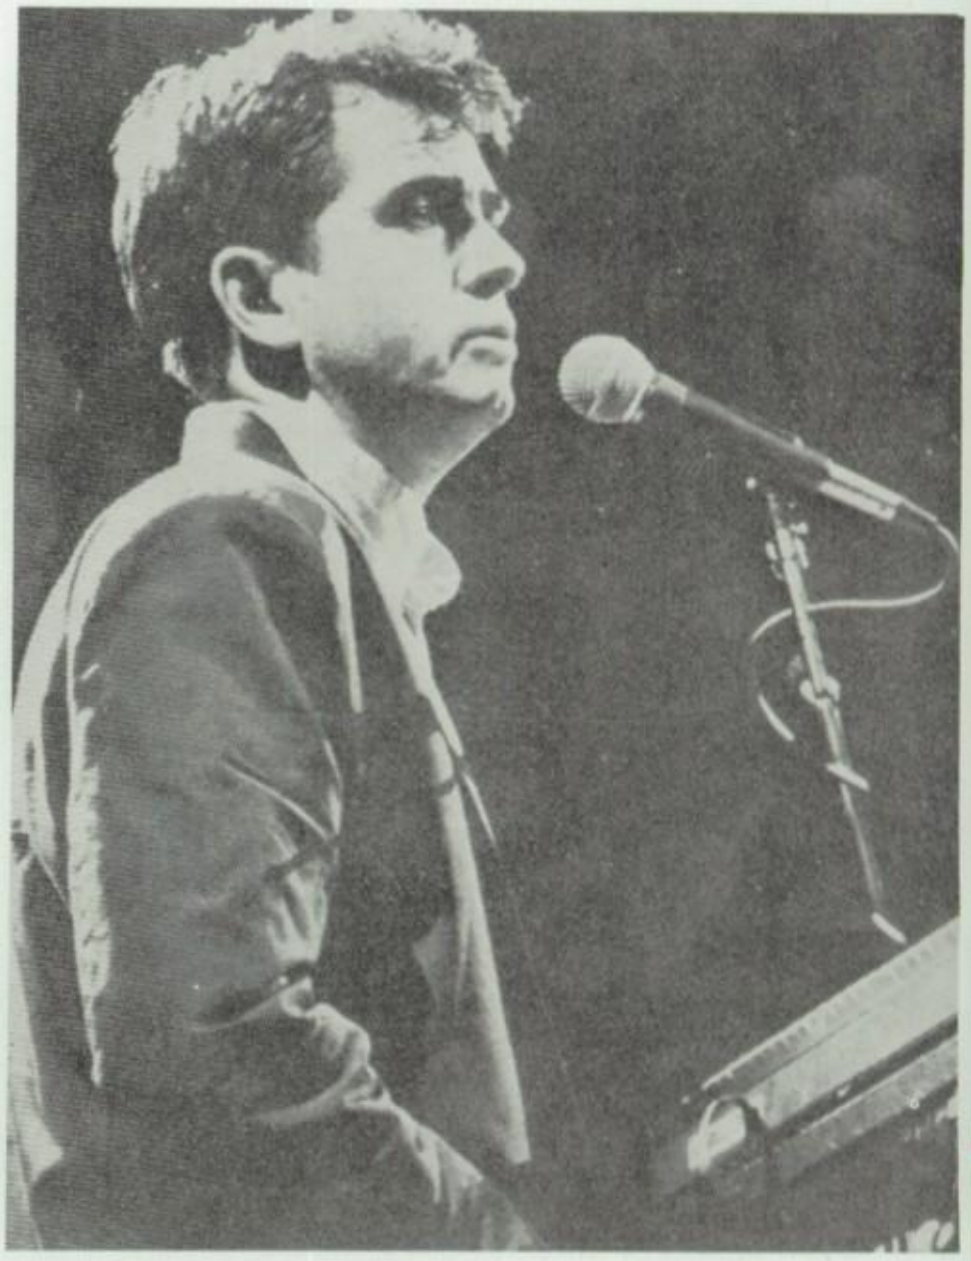


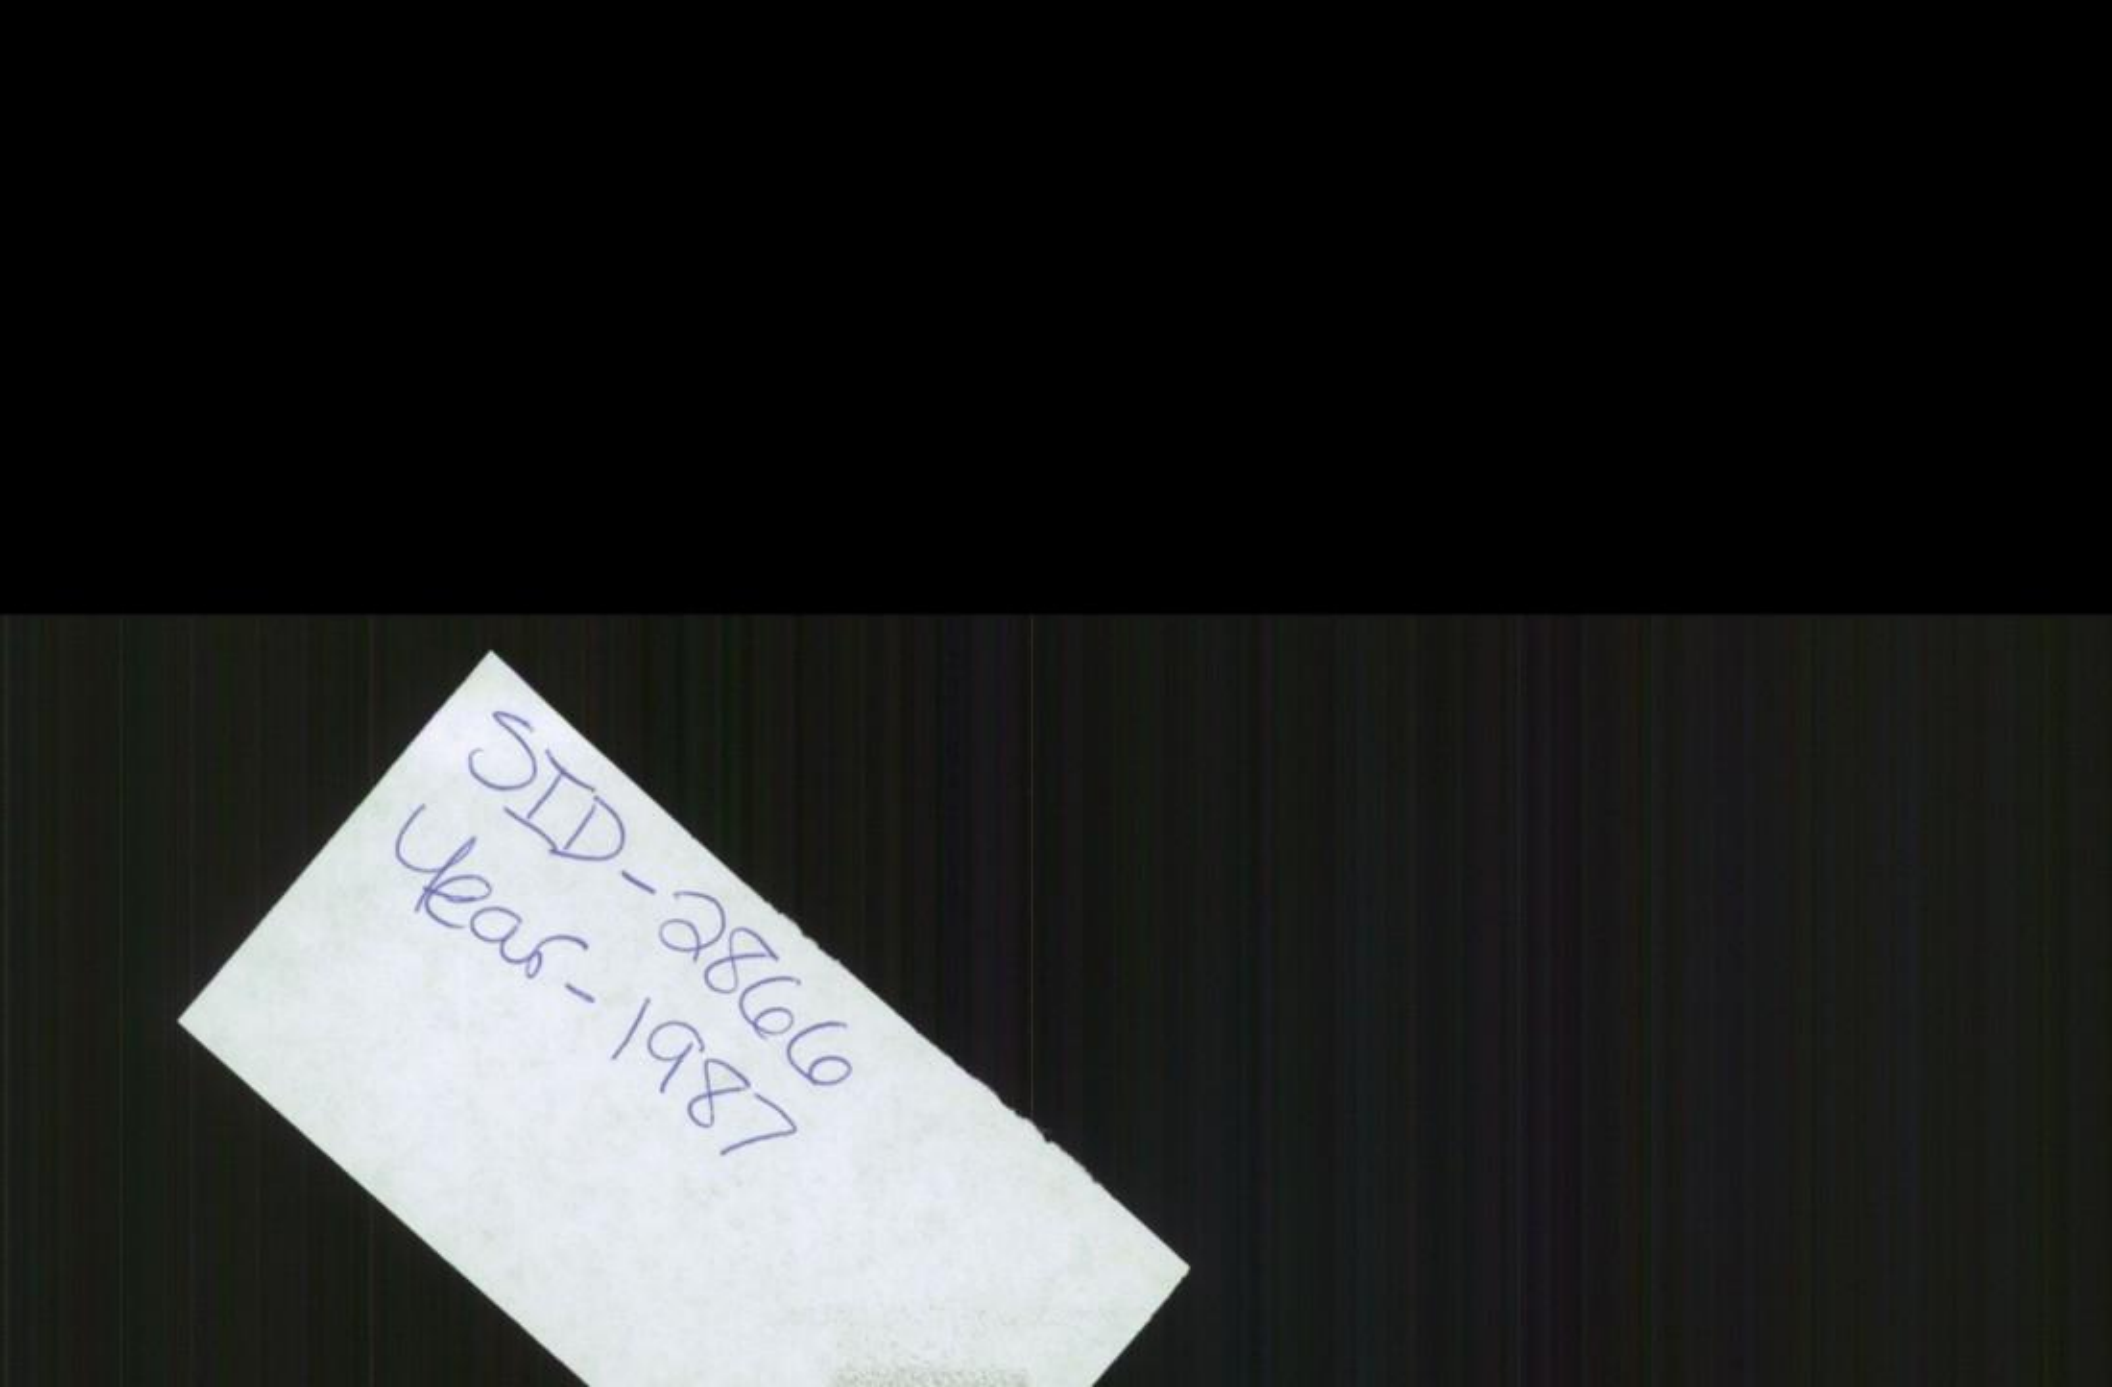


▲ The Voyager, a new, revolutionary plane circled the globe without stopping or refueling.

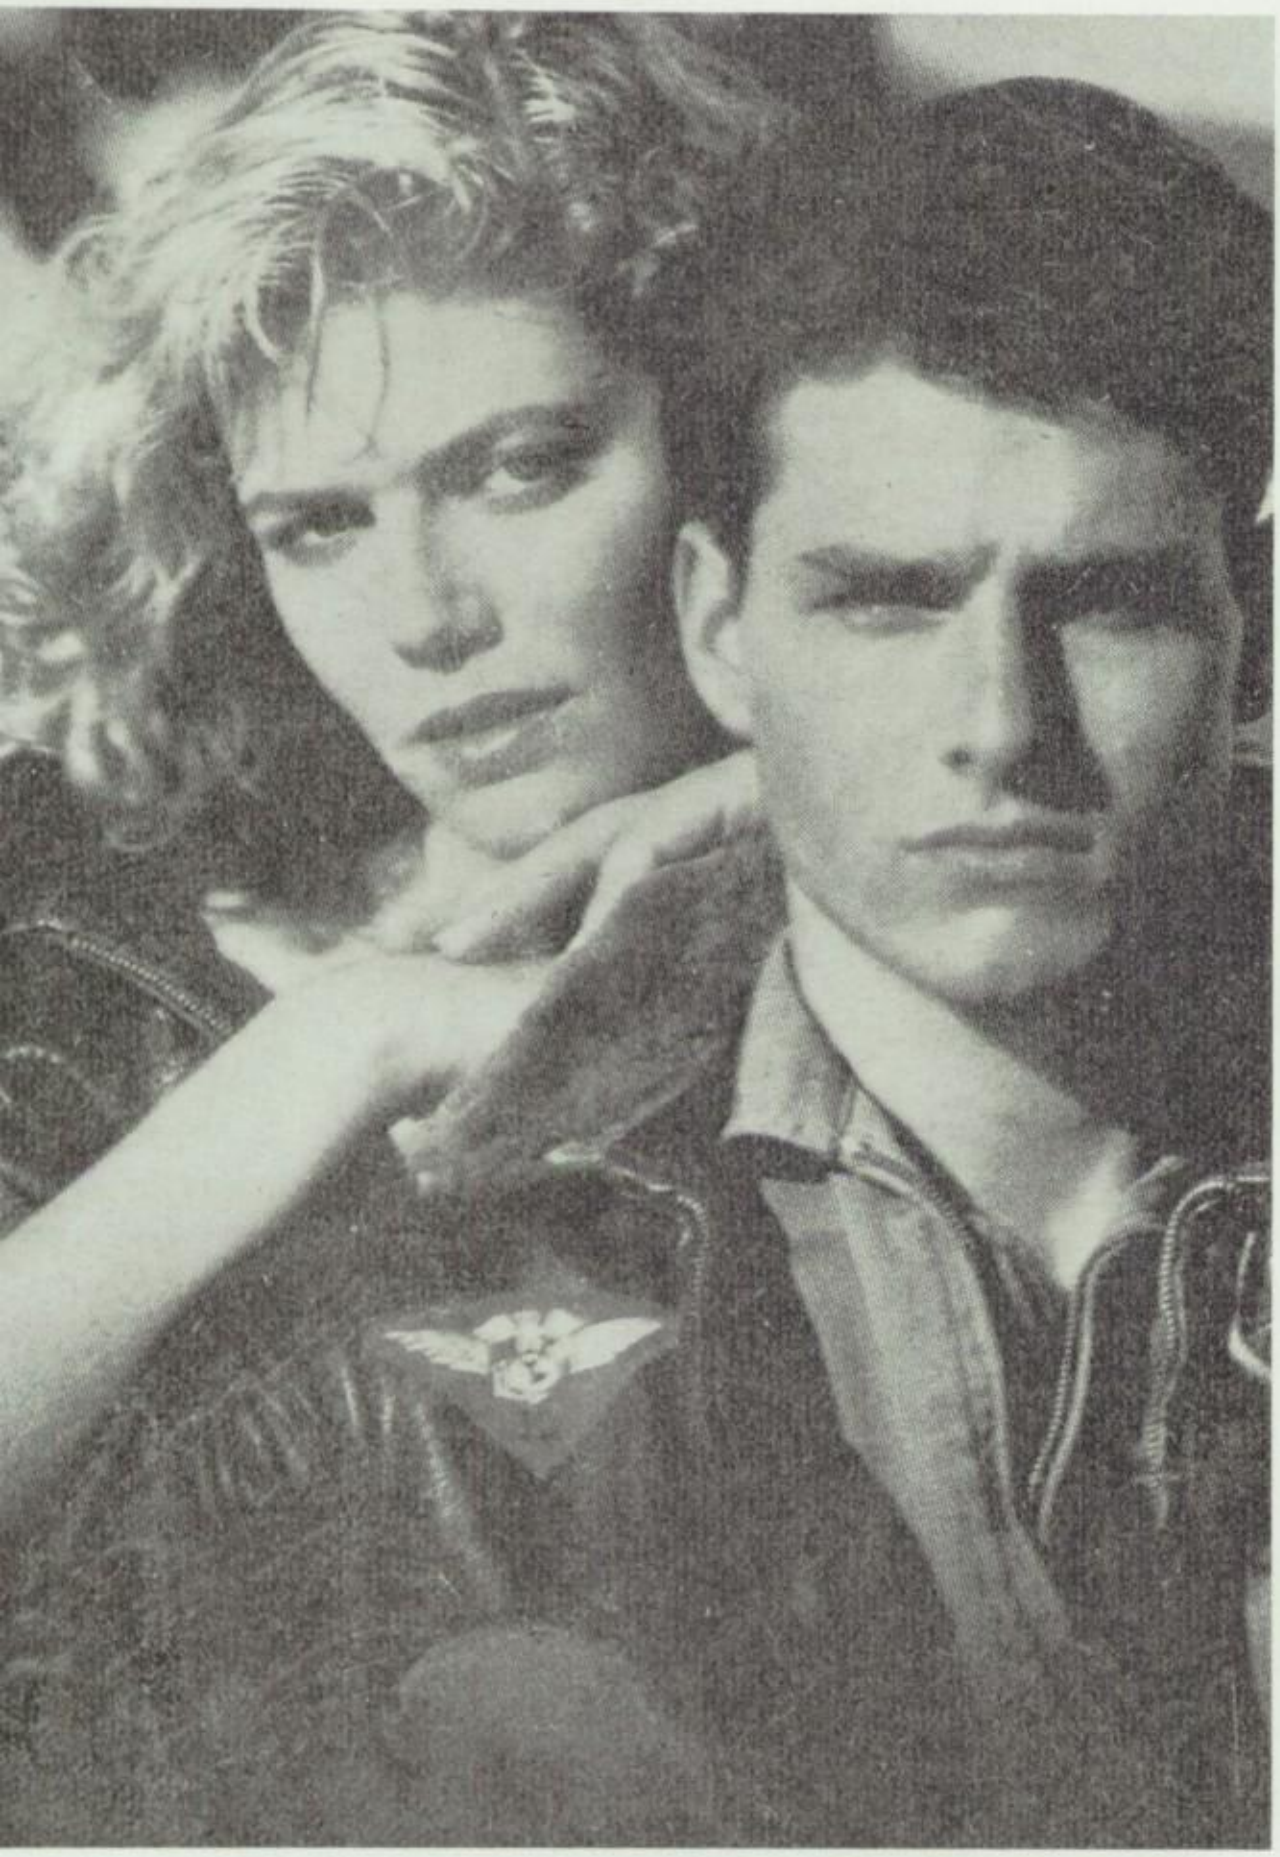
▲▲ A nightmare became reality when a reactor fire a Chernobyl spread a radioactive cloud over Europe.

LIVING IN THE LIMELIGHT . . .





SID-28606
Ideas-1987



The past year has been a very strong one for the entertainment industry. Easily "Crusing" to the top was "Top Gun", a well-produced boy-meets-girl tale set in the U.S. Navy's fighter pilot training program. "Top Gun" lifted star ***Tom Cruise*** to new heights and later landed him in "The Color of Money", with experienced actor ***Paul Newman***. Also released was ***Robert Reiner's*** masterfully directed and critically acclaimed "Stand by Me", a story of four boys; quest for a dead body, and how they mature through the experience. Other hits included the riveting sequel "Aliens" and the amusing "Ferris Bueller's Day Off".

Then winter rolled around. The first release of the holiday season was 'Star Trak IV: The Voyage Home", the most daring adventure undertaken by the familiar crew of the late (but rebuilt) starship Enterprise. Also on the scene was the many-honored "The Mosquito Coast" starring ***Harrison Ford, Edddie Murphy's*** "The Golden Child", ***Oliver Stone's*** realistic portrayal of the war in Vietman and "Crocodile Dundee", which catapulted Aussie ***Paul Hogan*** to fame in America

Elsewhere in the U.S., ***David Letterman's*** late night variety show soared above its competition, ***Bill Cosby*** retained his image as comedian/father figure for the umpteenth year in a row, and lettergirl ***Vanna White*** made the most money in the easiest job with the least talent.

Meanwhile, the music scene was exploding with vitality. ***Genesis*** kicked off the "Invisible Touch" tour, and wrapped up its travels with a six-night spree at the Oakland Colseum, while its former lead man, ***Peter Gabriel***, went out in support of his 'So' album. ***Van Halen*** also hit the road (hard) with their most commercially successful album ever, '5150'. ***Steve Winwood*** and ***Paul Simon*** released their 'Back in the High Life' and 'Graceland' albums, respectively, both of which the veteran artists well-deserved places in the current music scene, which in the past year leaned heavily toward experienced, established performers. Other important releases included 'Fore!', the fourth album from ***Huey Lewis & the News***, 'True Blue', by ***Madonna***, and new material from progressive rock giants ***Yes*** and ***Rush***.

SENIORITIS

In about June of the junior year, a little later for some, earlier for others, a remarkable transformation takes place. Previously studious (well, sort of, anyway) Juniors catch that not-so-horrible disease called Senioritis. It's a progressive sort of disease, and rather incurable. After taking root and occaisionally manifesting itself in long lunches, it gets progressively worse (?) after several events take place. These events, not in any logical order whatsoever, are the College Board Tests, SATs and Ach (bless you) Tests, any Advanced Placement tests, and the dreaded college applications. And one day, it strikes. Suddenly, on a beautiful day in the Spring, all the seniors in a class are conspicuously absent. Funny that everybody is ill on such a beautiful day. The next day, they are mostly back and look remarkably tan. What happened to them while they were gone? Favorite pastimes are hittin' the beach or the slopes, taking a long lunch (in Santa Cruz), going shopping, playing basketball or football with the guys, working, "extra-ing" in a movie, sleeping in, crusin', or simply taking in the scenery on a beautiful Spring day.

WHAT? IT'S OVER?

High School's over? But I just got here! Or was that four years ago? Each year seems to go by faster than the last, and the last was definitely the fastest. (Actually, although the year itself went by quickly, some of the individual minutes seemed to pass with agonizing slowness.) They say time flies when you're having fun . . . . But has it been fun?

Let's see-there were classes, parties, classes, vacations, classes, the Winter Formal, classes, the Bogus Ball, classes, Garage Band Night, classes, Homecoming, classes, the Senior Ball, classes, assorted dates, and an occasional class or two.

Of course there were other activities as well, such as devising ingenious ways to pass the periods: Calculating how many peanut M&M's it would take to Mr. Wilkinson's class from floor to ceiling (116,121,600-approximately), calculating the number of days, hours, periods, minutes, and seconds to the end of the year (or to the next vacation), trying to tell if the hands in the clock were actually moving or if it was a cruel deception used to keep us subdued, writing notes, letters, and entire novels, searching desperately for food, planning dozens of activities for the weekend, catching up on much needed sleep, or seriously considering running away to a Buddhist monastery high in the Himalayas where no one has ever heard of trigonometry, physics, calculus, or other equally exciting subjects.

And who will ever forget the joys of filling out college applications, staying awake for days on end in Michelle Marks' backyard to complete our unforgettable creations and decorations for spirit week, and the police ride-alongs, courtroom observations, and brilliant reports completed at the absolute last possible minute (lunch and brunch) for our Government term projects?

Of course, there were scores of other times that we'll never forget, but those are best recorded in our own memories rather than the printed page.

EUROPEAN IMPORTS

From across the vast Atlantic Ocean came two travelers looking for education, friendship, and a taste of American culture. They were ***Nathaie Cioffi***, from France, and ***Thomas Kloetzli***, from Switzerland.

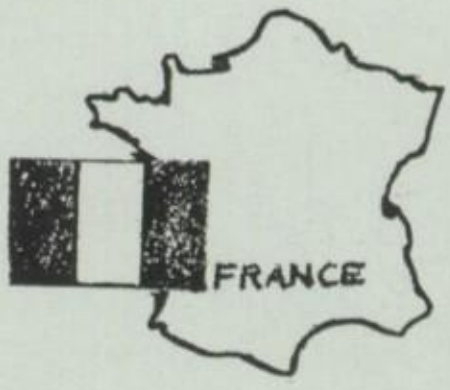
Nathalie came to the U.S. two weeks before the school year started. During that time, she adjusted to life in America. "School here was more fun than in France, and there's less pressure." stated ***Nathalie***. She finds Lynbrook students open and friendly, although less concerned with politics than students in France.

Nathalie enjoys traveling abroad, and is well qualified to do so being fluent English, Spanish, and French. She also took German at Lynbrook, and plans to study Japanese as well. She'll have many opportunities to use her multi-lingual abilites, as she plans a career in international marketing.

After graduation, ***Nathalie*** returned to France, but will later come back to the U.S. to attend UC San Diego.

Thomas Kloetzli, Lynbrook's second exchange student, also plans to attend college in this country, probably at UCLA.

"California is a pretty partyin' state," says ***Thomas***, "but you have to chase the parties down. In Switzerland, they just come to you." Parties aren't the only things to make an impression on him though. "The girls in California are great—especially in Los Angeles," he says with a wide grin.



1. ***Nathalte Cioffi***, France
2. ***Thomas Kloetzli***, Switzerland
3. ***Nathalie*** and ***Thomas***, emmisaries from overseas.

BIG BUSINESS AT LYNBROOK

Wednesday, November 19th was the day when Lynbrook's many clubs went public and set up their booths in the rally court. Fortune cookies, colas, caramel-covered apples, and other delectable delights were digested be scores of eager Vikings.

Other attractions included musical entertainment, and the infamous wet-sponge toss. Exclaimed senior ***Sheryl Fitzgibbon***, "Throwing wet sponges at teachers was definitely the highlight—especially when ***Mr. Davis*** was wearing his scuba gear!"

BEHIND THE SCENES

Before the school year had even begun, the Valhalla was launched on its 22nd voyage-this time with an almost entirely new crew. The task of training went to ***Kathy Sarria*** and ***Christine Yuen***.

Occasional cries of horror were heard from the staff: "The deadline's TOMORROW?", "Who took THAT picture?" "How am I supposed to write a story for something that hasn't even happened yet?", and "Get that ice cream off my layout!" Various obstacles kept popping up, such as the peculiar mental block on how to crop pictures, how to sell enough ads to fill all those back pages, and the mysterious disappearance of an entire carton of liquid paper. In spite of this, we hope you enjoy reading it as much as we enjoyed creating it.

CAN YOU SAY EPIC?

Someone once said that serving in a war is days and months of indescribable boredom punctuated by a few moments of stark raving terror. Well, this could just as easily be applied to the production of a newspaper. If the entire staff ever met for one whole period and stayed the whole period, it was a rare day. It was a rarer day when everyone was working on the paper. Usually, we were receiving the full fury of "Mom's" wrath, or furiously doing homework for other classes. (Todd, have you finished your trig yet?) The sex story was fun to research, even though we couldn't print the graphic photos. By the way, what do Todd and David (sexy shavin' legs) do everyday in the darkroom? Sure, that's what they all say, but we know the truth! It probably has something to do with that story. I know, I know . . . Brian wants a page! While Todd and David complain about being underpaid, Steve, Kel, Andy and Rich try to see who can make Sheryl blush the most. In between "trying to make Sheryl blush contests" and unsolicited haircuts, there was, in spite of our best efforts, a newspaper to put out. Every now and then, there was some work to do. After destroying several homes during all-nighters, making emergency runs to Little Caesar's, and missing an occasional class, the paper reaches the final stages of readiness. The finishing touches were done by Bryce "Wonder Fingers" making last-minute spelling corrections on the typesetter or straightening out that crooked tool line. The most rewarding moment was after the paper hits the stands (ok stand) and the "OK, PANIC!!!" sign is taken down.

SPIRIT SHINES ON LHS

Cold nights, icy breezes and roaring crowds. All of these things will remind any Lynbrook spirit leader of football season; as will the words hard work and dedication.

It all began back in July when all six squads and mascots went out for a week of camp at UC Santa Cruz. They endured cafeteria food, early morning classes and hard work all day. The camp helped in forming some long-lasting friendships(with the all-night parties in the room at the end of the hall). School began in August, and along with it, football season. Cheering for a winning team made it fun for everyone, and support from the crowd was a pleaseant surprise. Before it had started, CCS was over and it was time for basketball to start. A new coach and persevering players fueled a series of unexpected events. Fall and winter sports boosted spirits for a succesful spring.

2. ***Besty*** is caught by surprise.
3. The Varsity Cheerleaders take a break at halftime for another famous "squadle".
4. ***Jenny*** and ***Caroline*** dispaly the smiles of success!
5. "Did someone take the red bag?"
6. ***Colleen*** shouts encouragement to the mighty viking football team.

SPIRITED UNTIL THE FINISH

For most of us spring brings to mind beaches and never-ending parties, but for the Lynbrook sprit leaders it brings back memories of baseball an competitions. Many spirit leaders spent their time cheering on our ever-winning baseball team. When not cheering our team to victory, the spirit leaders were preparing for competition. Lynbrook's squads made one impressive showing in many competitions (and possibly a trip to Orlndo?). And when that's all over, they didn't stop working. Preparing for next year was a monumental task. So if you see a spirit leader before you leave school this year, remember to thank her for all her (or his) hard work!

The 86-87 Lynbrook Valkyries pulled it through once again. The team, consisting mostly of freshman and sophmores demonstrated excellence trough hard work and talent. During marching season, the Valks placed first in the state-wide competition at Pacific Grove. Also, the ladies performed at a 49ers football game along with other teams from the district. Captains ***Chantel Mattram, Kristen Deal***, and ***Mairi Ross*** led the girls through thick and thin throughout the season, and a trip to Florida topped off the year of excitement and friendship.

LIGHTING THE WAY

Under the leadership of ASB president ***Ron Whitmore***, the 1986-87 executive Council managed to pull off several major projects this past year, while, at the same time, allowed themselves to have some fun.

Among its long list of achievements include the highly-attended Winter Formal, Inter-District Student Exchanges (good job April!), Club Day, not-so-successful Dive-In (sorry about that ***Mark*** and ***Katie***), and of course Suzanne"s noon-time activities.

And who could forget the old "There was a Tree" song performed and loved by every single one of the bleary-eyed early morning weekly Tuesday meeting goers of the ever-popular first Tuesdays of the month (completely furnished with donuts) was reason enough for most to join exec. The best part of ot all, though, must have been the opportunity to meet and work with new, exciting people.

SINGING UNDER THE STARS

Just take those old records off the shelf. I'll sit and listen to 'em by myself. When the choir class heard this upon entering the room—boom! They were gone, dancin' and singin' to their heart's content.

That was the attitude of every Vike involved in the choir here at Lynbrook this year. Music was important, even more so than any math or science class offered. Each person involved in choir, whether it was Beginning, Girls, Concert, or Jazz, had a different idea of music. People fused their ideas together to make this year one of the most succesful ever.

ON WITH THE PARADE

What do stepping backwards and pursing lips have in common? The Lynbrook Viking Marching Band of course.

The year started off as Lynbrook swept up award after award with their parade and field show, based on an "American Composer" theme.

Practices were long and everyone took one step at a time until the show was perfect. The hard work paid off when the marching Vikings placed first in the field show and parade competition at TOB.

Eric Lockman, drum major, won several individual awards and Lynbrook had five soloists as well: ***Richard Brashears, Lori Stuntz, Doug Stein, Jenny Johnson***, and ***Trish Forman***, all of whom contributed to the excellence of music performed.

Drum Major: Eric Lockman, Assistant Drum Major:Kurt Wolf, Twirler: Barbara Kiehl.

HOW THE WIND BLOWS

Under the leadership of Mr. Teter, baggy-eyed, half-dozing members could be found practicing in the band room at the completely reasonable hours of 7:15 to 7:45 every morning. Between finding who's got an "A" in tune to searching for that ever-disappearing music, we managed to sneak in some practice time.

Under the direction of Dane Teter, student-jazz enthusiasts created music of decades past with a style all their own. "Laid back" was a mandatory attitude. Soloing was encouraged, and plating off key was . . . well, a matter of artistic interpretation. Members of the jazz band provided music for the public at a local community center and, of course, at two culturally enriching school concerts.

Orchestra (roster): R.Brashears, D.Bustamante, A.Chen, A.Cogan, J.Cornbleet, E.Fishman, T.Foreman, D.Goldstein, E.Guilliz, A.Honkawa, E.Jajko, L.Jerdes, J.Johnson, K.Katusha, R.Kim, S.Lee, E.Lorenzen, E.Lockman, A.Moon, S.Park, K.Percy, A.Rider, D.Stein, J.Streetman, L.Stuntz, J.Tashiro, C.Yuen.

◀ ▼ ***Larry Jerdes, Kurt Shintako*** and ***Krista Katshua*** create a beautiful melody.

◀ ***Rory Anderson*** and ***Joanna Williams*** play with intense concentration.

▲ ***John Hackel*** and ***Julia Leeth*** blow up a storm.

NEWCOMERS FORM A CLUB

Everyone has been a new student at one time or another and we all know how hard it is to adjust to a new school. A club was formed this year, for new students. President ***Erika Nurmi*** commented about the club. "It's a club to make new students feel at home and provide support among already existing members."

The club is called Sunrise. Each time a new student arrived, letters were sent and he/she was introduced to the campus and its activities. "I think with lots of support and good ideas our club will turn out great." stated ***Connie Ruiz***, an active member.

STARS AMONG STARS

They Love Me . . .
They Love Me Not . . .
They Love Me . . . . . .

Of course they love you. If they didn't love you they wouldn't care enough to send the very best . . . .A birthday card. Just one question—exactly who are they? The Lynbrook A.S.B. of course!

As part of a new program, Lynbrook A.S.B. sends a birthday card to each member of the student body!

The second part of this effort was a student recognition program. It was established to recognize some students who exhibited special effort or improvement in their work. Teachers select these students monthly. Pictures of these students are taken and displayed throughout the month in the library. This goes to show how the stars shine at Lynbrook.

HAPPY BIRTHDAY

In addition to M&M's, all the world loves a birthday, especially if it is combined with a practical joke. Whether it is the standard "kidnapping" or something more exotic, like a pie in the face, or "stealing" someone's car, half the fun is in the planning and organization. Some people have this down to a science, and their plans flow like a military operation. Sometimes, the plan goes astray and valiant efforts must be made to salvage it. Few things are as satisfying as seeing a well laid plan go down wthout a flaw. The best part is watching the reaction, whether it be "wandering around the parking lot like a lost child" or the muffled protest of someone getting "pied." The hardest part of all is thinking of a trick that will top the last.

SNOW BUNNIES HAVE A PLACE TO SHINE

This season had some of the best slopes to offer the Bay Area in many years. From the most experienced to the new skiier, one could have found himself challenged at any resort. With recent opening of Super Squaw, skiiers could climb up the mountain faster than cattle. A quadruple chair which took four skiiers up to the top in a matter of nine to twelve minutes, was the main attraction.

Once at the top a skiier could have chosen his position. The bowl under the chair gave even the expert skiier trouble with moguls that range in height from three to four feet. For the less experienced skiier there were trails on each side of the chair that confronted the slope from the side. Each trail bypassed the most challenging moguls. For the experienced to the beginner, there were many places for the Stars To Shine.

SCHOOL IN THE '60 and '70's

Remember back in the '60 and '70's when . . .

. . . All the girls had the "Long hair, no bangs" look

. . . The coolest guy at school had the longest hair

. . . The frosh worried about tripping over their new bell-bottoms

. . . it was a sin for a girl to ask a guy out..what about the sadies???!!!

. . . everyone ran home from school so they wouldn't miss the "MONKIES"

. . . your parents said you were grounded for ***life***

. . . It was normal to see students with picket signs protesting on the front lawn of the school.

. . . you worried about wearing the green or the yellow peace sign rather than worring about being dateless for the winter formal.

STAYING FIT AND TRIM

To many of us, exercise not only provides a way to burn those carlories, but it gives us hard working Vikes a chance to relax and meet people. In a survey conducted by the Valhalla staff, running and moving to the beat, dancing, are the favorite forms of exercise.

However, 7% insist they get the most exercise by sleeping. Biking, soccer, watching water polo, football, basketball and horseback riding round off the list.

FARAWAY LAND ADVENTURES

The school schedule here at Lynbrook is anything but loose with sports, homework, music, dances, and other extracircular activities. So, when vacation rolls around, the time is wisely spent. THE IRONMEN

It takes a special breed of person and a special kind of lunacy to make a triathlete. Swimming 1.2, biking 27, and running 6 miles takes a lot out of a person, both in energy and committment, especially when it means taking up an entirely unfamiliar spoprt and the aspiring triathlete is completely outclassed by everyone, including the bratty ten-year-old kids who tell him to "swim or get out of the way" on the first day of practice; or on his first day of bike training getting blown away by a Millerite on a normal bicycle. So why do it? Just for the fun of it. Just for the taste of it. Just for the thrill of it.

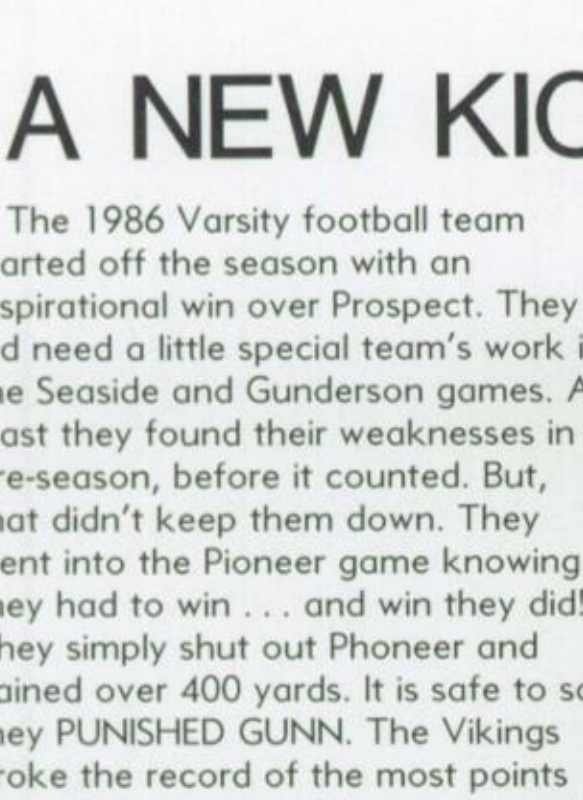
A NEW KICKOFF FOR LYNBROOK

The 1986 Varsity football team started off the season with an inspirational win over Prospect. They did need a little special team's work in the Seaside and Gunderson games. At least they found their weaknesses in pre-season, before it counted. But, that didn't keep them down. They went into the Pioneer game knowing they had to win . . . and win they did! They simply shut out Phoneer and gained over 400 yards. It is safe to say they PUNISHED GUNN. The Vikings broke the record of the most points scored in one game. The score was 43-0. But, that was the time when the rubber hit the road.

There was no doubt in any of the players minds that they would be the victors of the 'Tino game. Lynbrook trounced the Pioneers 34-3.
Monta Vista was their next opponent. Lynbrook spoiled Monta Vista's Homecoming Game by overwhelmhng them, 27-6. The
real contest of the DAL wound up to be between Lynbrook and Saratoga.



"The offensive line accomplished what was necessary to have a successful season."

Senior offensive tackle-

"NEW ATTITUDES"

"Full of Potential", this was how ***Chad Kuwada*** described the 1986-87 J.V.Football Team. The season began slowly, but the team's record didn't truthfully reflect their efforts and hard work. The combination of a strong offense and powerful defense wasn't always enough to overwhelm the tough competition in our league. The quarterbacking of ***Matt Kirkpatrick*** and the running of ***Jim Heuser*** and ***Daryl Rogers*** held together a sometimes shaky offense, while ***Rob Valone, Dave Arms,*** and ***Chad Kuwada*** were the cornerstones of our unshakable defense. ***Jim Burke*** had an outstanding season as center and ***Siaun McGinn*** got much attention for his talent on the line.

"This year's team didn't have a whole lot of experience, with only 8 second year members", stated ***Jim Heuser***, "but it was the returning sophomores who inspired the new team members to play their best." New attitudes and enthusiasm helped the Viking team to have a productive season.

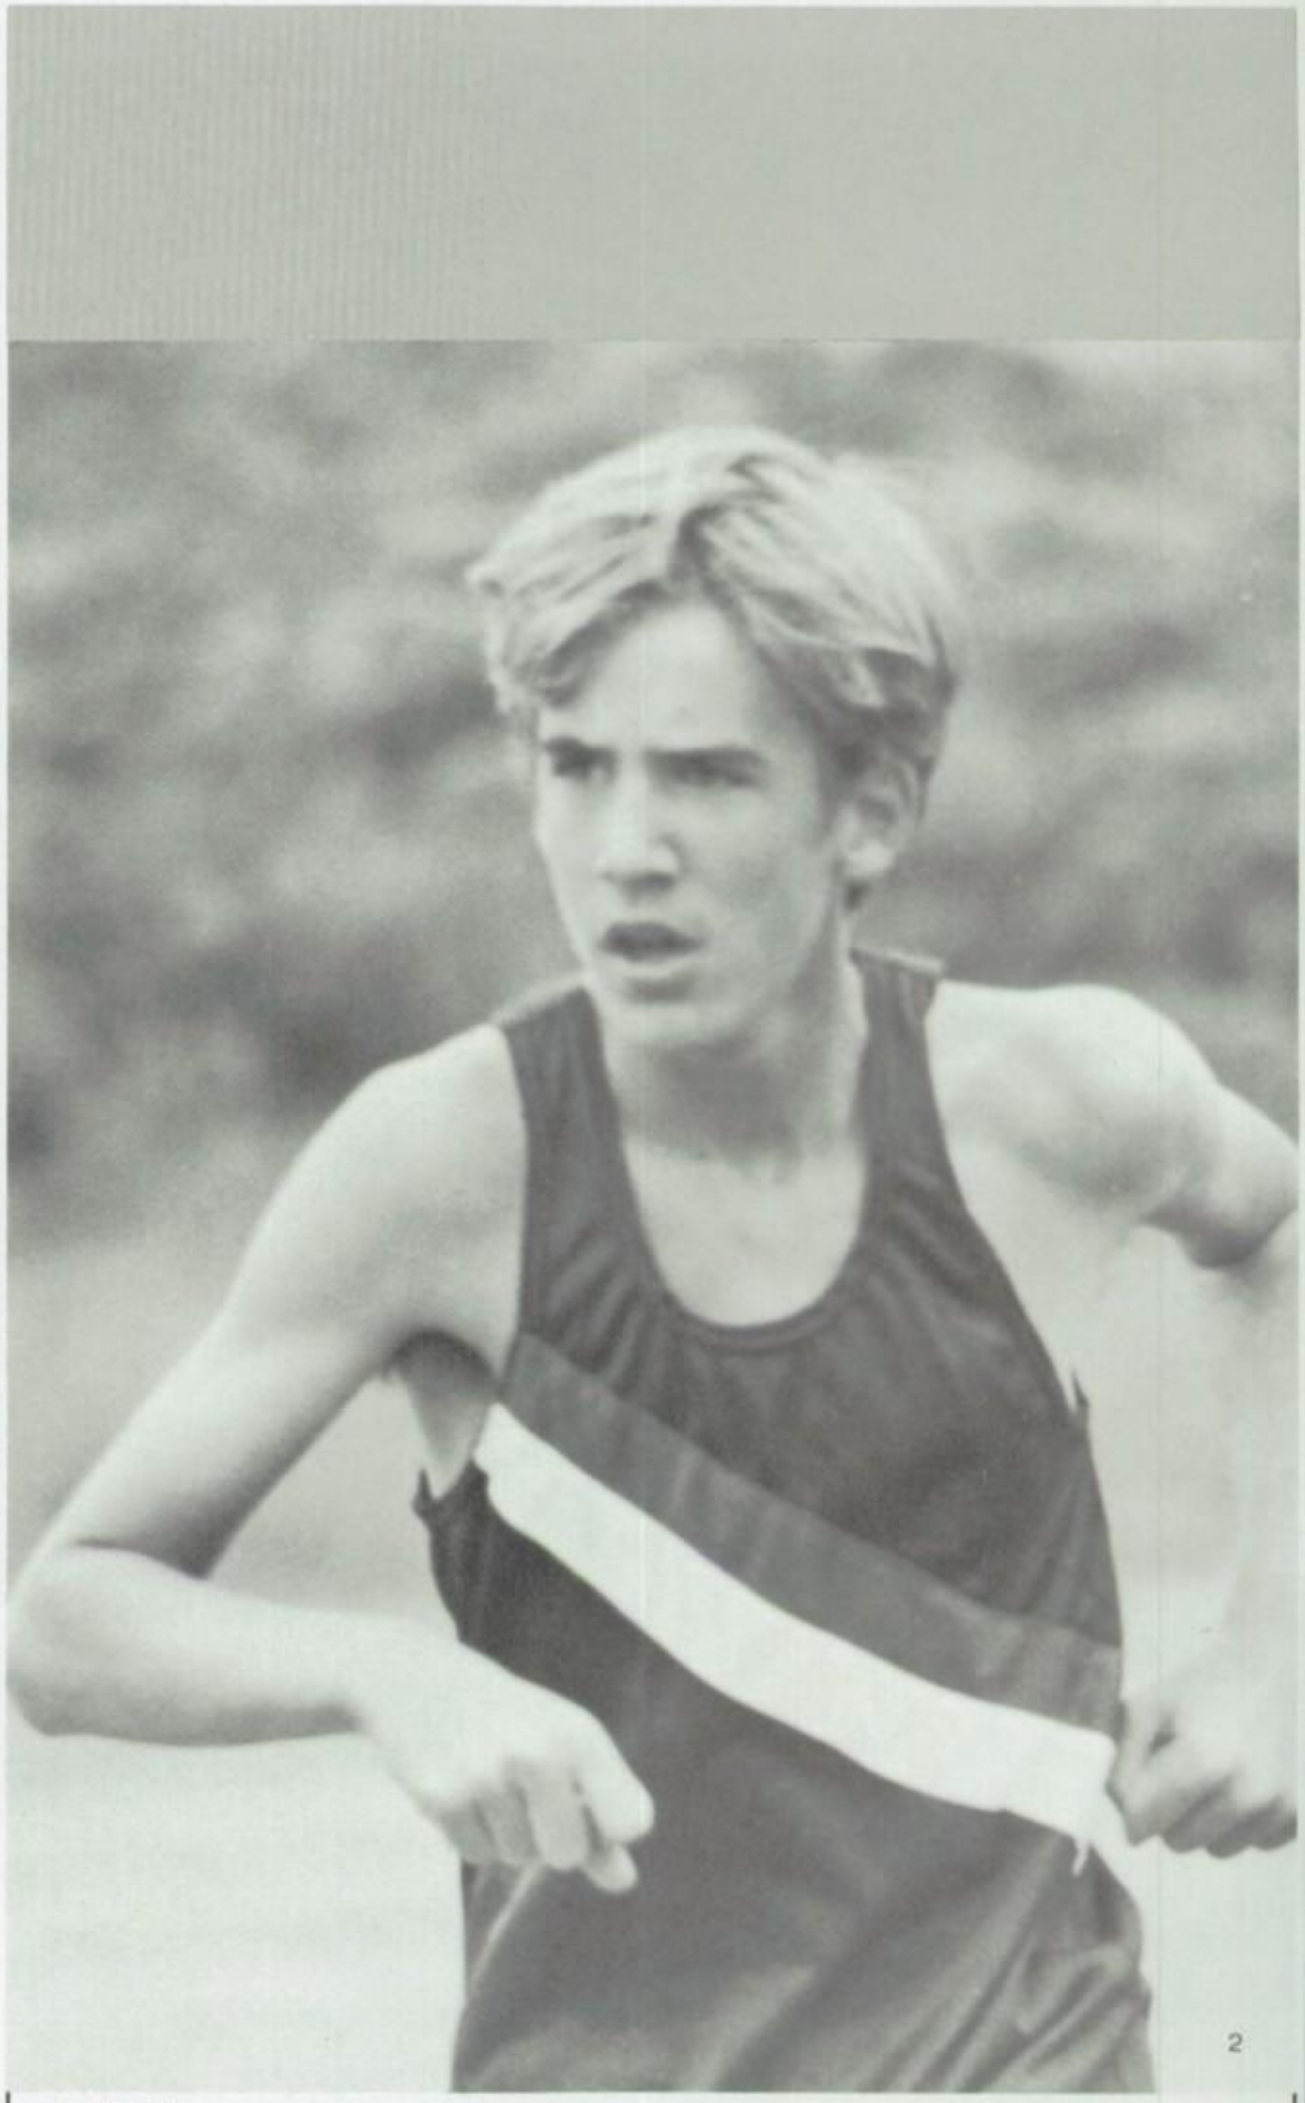
SUCCESS IN THE STRIDE

Much larger and much improved from previous years, the cross-country team dominated this year's competition. The team had fourteen seniors with forty-two people all together. They started the season well with the fastest time in Lynbrook's history in the Watermelon Run and a first place in the first meet. "Mental Toughness" and "No Mercy" were the inspriring cries from the dedicated coaches ***Verne Thornburg*** and ***Jeff Fishback*** as the athletes ran like madmen (and women) through the hills at practice. The hard work kept the success going throughout the season to make eighty-six's team one of the best ever.

1

1. ***Kieran Maloney*** in the lead.
2. ***Tim Hetrick*** in intense concentration.



2

"A cross country race is an excruciating three miles of pushing your body like they do in the milk commercials—but its really the greatest feeling you'll ever experience."

All work and no play makes Jack a dull boy (or girl). This seems to be LHS field hockey's motto. With a whopping thirteen seniors and three juniors, the Varsity has lived up to their reputation of being undefeated. Outstanding Varsity players such as goalie, ***Laura Ellingson***, Right Link, ***Lynn Stepovich***, center half ***Denise Chavez*** and Right Inside Forward, ***Michelle McCliman***, contribute greatly to the team's successful record.

JV field hockey has followed in the footsteps of Varsity with no losses. (Rah!)

SECOND TO N(ONE)

With numerous talented and experienced seniors returning this year, the Viking waterpolo team seemed to be assured of a spectacular season. The players were eager and ready to continue the great waterpolo tradition of Lynbrook's past polo teams. With ***Mark Kruthers*** and ***Rodney Rutledge*** leading the way, the team seemed destined to capture its third consecutive league title. Unfortunately the team started off the season on a slow note. Numerous injuries and problems stood in the way of the team achieving the "Stars".

All these problems did not phase the spirit of the great team. However, they felt that by having to "tread" through all those obstacles, the championship would be all the sweeter. With ***Mark Kruthers*** "the odds are never against you as long as you keep them in your favor", and ***Bart Ashley*** providing the inspiration, the team came back. This is the team **WHERE THE STARS DO SHINE**.

In the face of insurmountable odds, ***Mark Kruthers*** still manages to score.

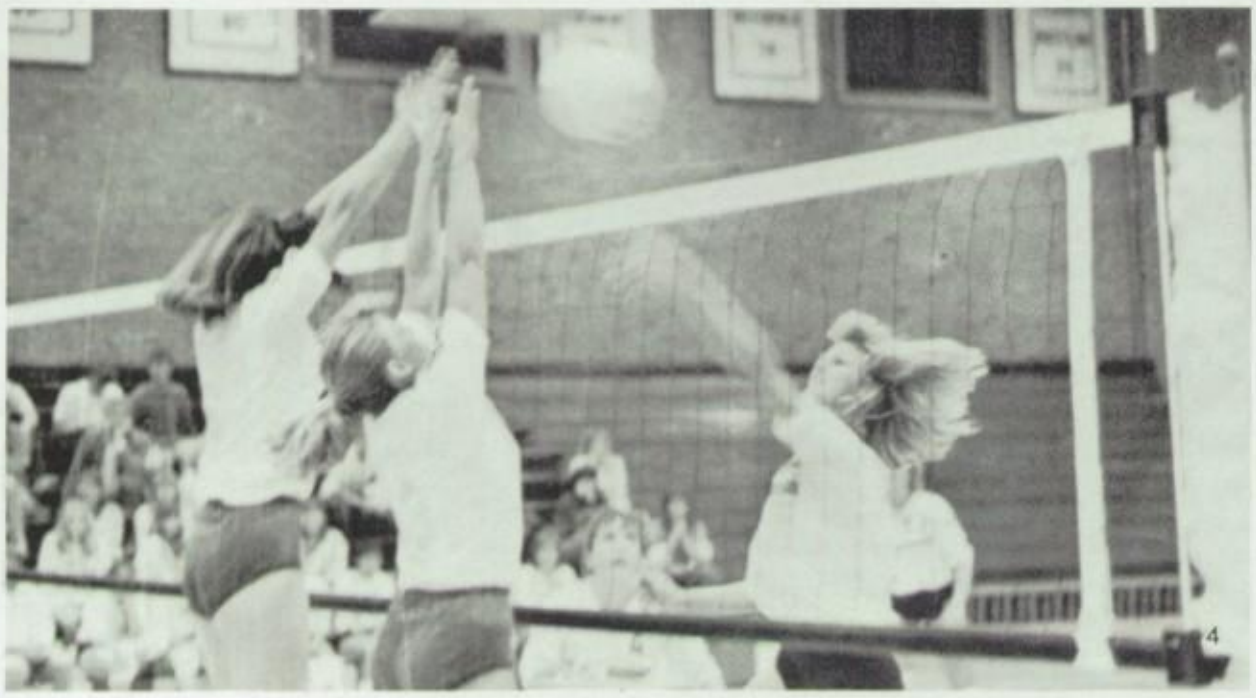
"LIFE'S A VOLLEYBALL NET AT THE BEACH"



When summer roles around so do the common words: bump, set, spike. In California, Volleyball is a beach. Well, Lady Vikes, this was not the best season- but they did improve immensely since the beginning. Thank you much Varsity Coach, ***Liz Santie*** , and J.V. Coaches, ***Dave Hirose*** and ***Keith Eddy***. Oh yeah, don't be caught muching on any sweets or slurping soda by ***Liz*** or (you be ailin'!) you'll be running laps, and running laps , and running still more laps. "We have really grown together as a team," enthusiastically says ***Lesa Landry*** . ***Katie Doty*** adds with much spirit, "I say by this time next year every school will be shakin' in their kneepads." Great job J.V., and an excellent season! Next year you'll be tops.

Lynbrook Volleyball is definitely starting to shine through! We be winnin'! (next year)"

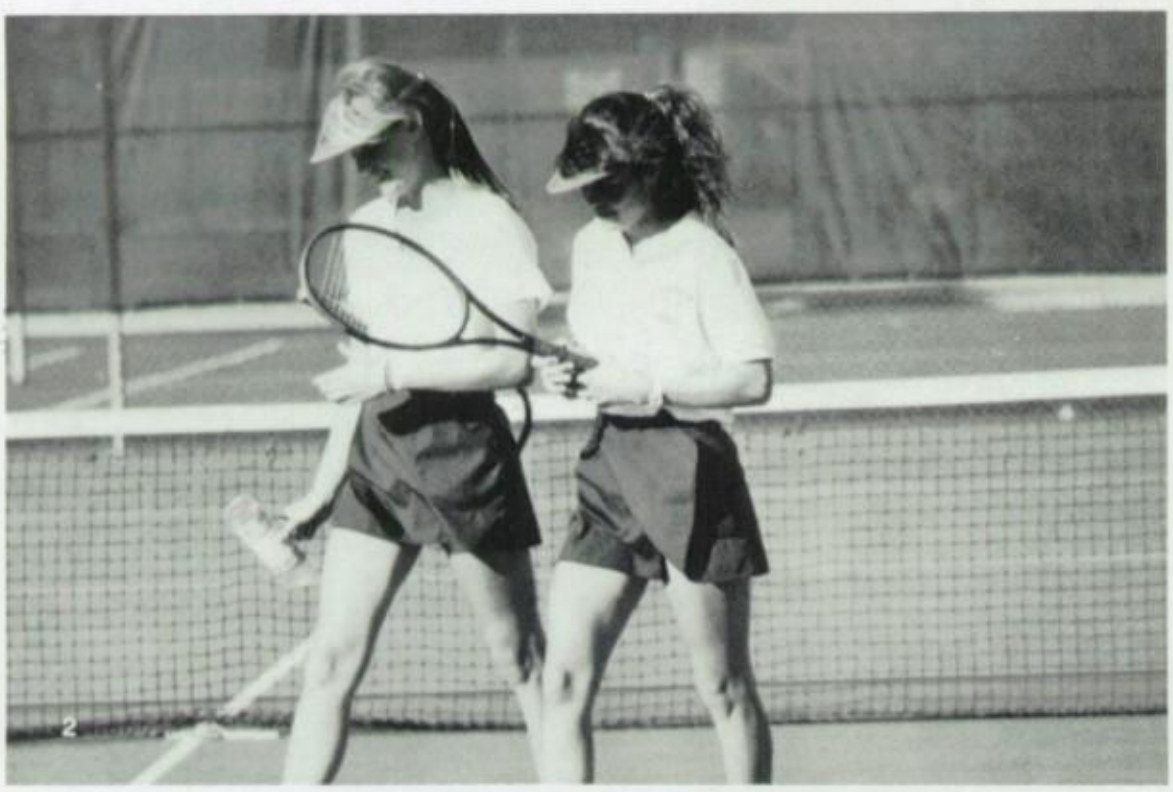
5. The lady Vikes strut their way through another season.

STARRING ON CENTER COURT . . . . .

All right, who took my visor? Anyone have an extra pair of bloomies? Is there a game today? We're supposed to play them? After it was all said and done, the Girl's Tennis teams were off to a very promising season. Many returning Varsity players helped to build up this talented team. Coach ***Pam*** (Varsity) and ***Mrs. Evans*** (J.V.) worked and worked to mold them into "perfect" tennis players. "Remember girls, we're gonna play smart, and no UNFORCED ERRORS!!" (Yeah, right!) with upcoming matches against Saratoga and St. Francis, all the Lady Vikes could do was practice hard, play tough, and always remember the infamous motto: ***Win, Win, Win, WIN!!***

1. Intense concentration helps ***Tex*** make the shot.
2. ***Lisa*** and ***Jenna*** feeling on top of the world after defeating 'Toga.
3. ***Jennifer***, sitting down on the job.
4. Watch your head ***Karisa***, its' a low serve.



This year we showed great promise; we can only wait to see where it takes us.

WHERE THE "STAR FISH" SHINE . . . . .

If there's one sport that stereo types California, it's swimming. Swimming is a very popular sport because it turns your skin green and you hair tan, or something like that. Let's face it, if it weren't for swimming, where would we be in the water? On the bottom of the pool of course, which is where the Lady Vikes left most of the opposition this year. Starting out the season with a tough new coach, ***Chris Jansky***, the team pulled together with a spirit of unity and a common desire to win. With super swimmers ***Susan Chambers, Emily MacDonald, Anne Marie Callin and Isabella Shvetsky***- they won quite a few freestyle, fly, back, and breaststroke races. Above all, we shouldn't forget that people dove at meets also. How else could they have gotten into the water to win? They dove for form and points too. One thing that most people don't understand is that swimming is an incredibly hard sport. Try swimmming a few laps sometime and see how tired you get. Pretty tired, right? Now you know how to exercise and have some fun too?

NO PRISONERS

Visionquest. A Dream that doesen't come true from just the mind, but also from the heart. Once you've pictured it in your mind, you won't let go until that dream is yours. Lynbrook's Visionquest was one and only one . . . win. Coach ***Gus Talbot*** prepared the team for DAL's enabling the wrestlers to peak at just the right time. His training method involved running, wrestling, and lifting weights. The wrestlers had to give up some things in order to excel: free time, social life, and the best types of food. But in the end, it all paid off.

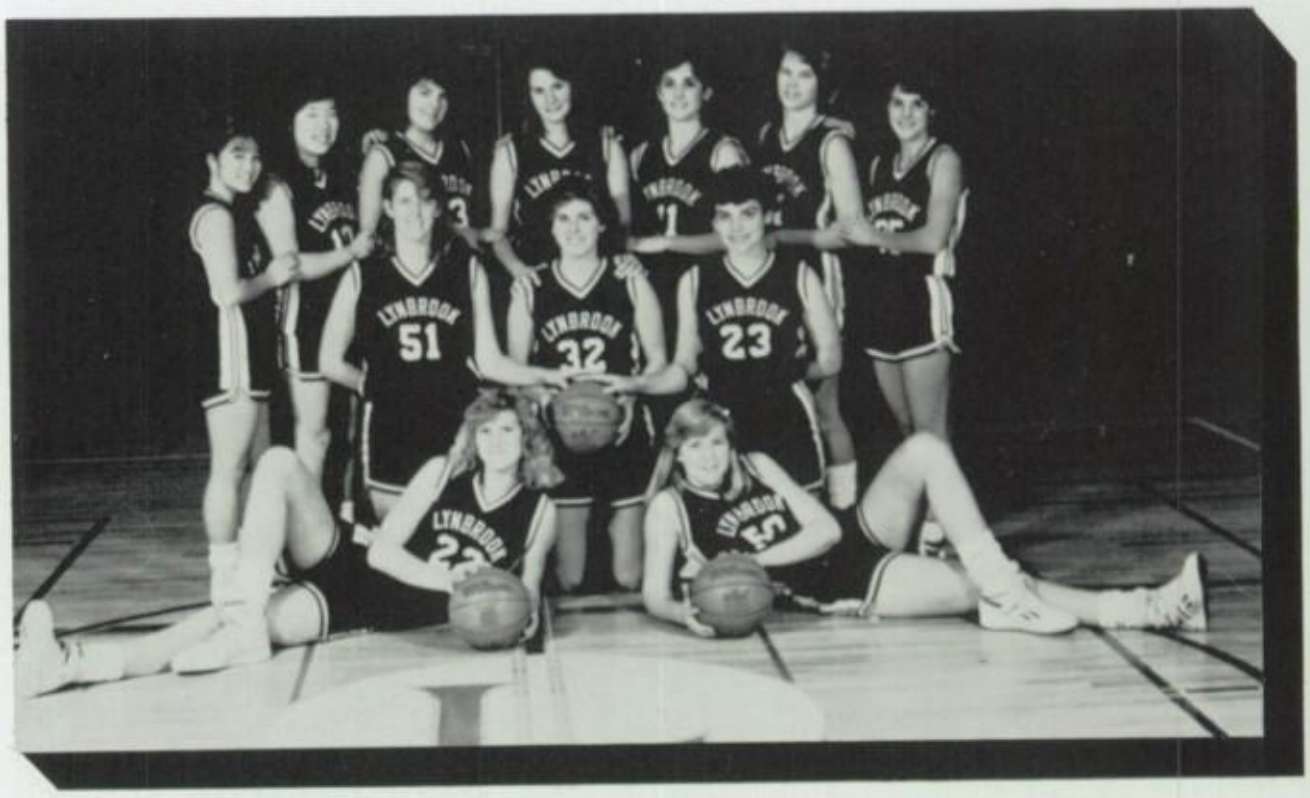
TAKE YOUR BEST SHOT

Led by senior ***Amy Pleschette***, the Girls Basketball team turned in a performance that was certainly better than Coach ***Linda Nichols'*** favorite phrase, "p-poor". Although hobbled by ***Denise Chavez's*** foor injury, the Lady Vikes turned in an impressive exhibition. More eyes were on the scoreboard than were watching the line as they sunk both baskets and opposing teams, becoming possible CCS contenders. They achieved this in spite of a grueling schedule of difficult matches and tough practices. Returning experience always helps a team and this was no exception. Yet, there was a balance. There is plenty of young talent ready to replace the departing seniors. If you thought this season was great, just wait till next year.



Varsity (top row): S. Mitome, D.Matsuzaki, A.Leonard, L.Landry, K.Francis, A.Jones, D.Chavez. (middle row): K.Doty, J.Nastari, J. Leeth. (bottom row): T.Montogmery, A.Pleschette.

2. ***Amy Plechette*** takes her best shot.

BOUNCING BACK

Ask any faithful Lynbrook basketball fan, and they will tell you this year's team has improved immensely. Halfway through the season, the varsity team had already tripled their wins from a year ago. The JV team had a geat deal of talent and showed great potential, but they never quite got their feet off the ground. The teams attribute their improvement and success to the new work ethic. They were different than what the new players were used to. But discipline is a large component of the program. Senior ***Richard Brashears*** led the team in scoring and contributed to the domination of the opposition. Four other seniors inspired the group's morale through tough times. Varsity also had four sophomores who helped bring a new energy to the squad. Above all, improvement and discipline are two words that best epitomize this year's basketball team.

KEEPING A 'HEAD' OF THE GAME

The Lynbrook Girls Varsity 86-87 Soccer Team started the season with a succession of consecutive victories over their rivals in the league. After the first close call over Saratoga, the lady Vikes continued on to win every game in the first half of league play, and were ranked second among the numerous teams in the Central Coast Section by the Peninsula Times Tribune.

The Junior Varsity also looked very promising, practicing hard when Gus (or Lee, or George . . .) was out. Go get 'em Vikes!!

KICK (and BITE) YOUR WAY TO THE TOP

Ranked one of the top teams in CCS, the boys' soccer team had yet another impressive season. Dominating nearly every game, the Vikes proved their mettle against the best teams in the county. Led by goalie ***Rick Reveto*** and spectacular defenders ***Eric Hiatt*** and ***Herve Mardirossian***, the boys held their opponents in check. Meanwhile, ***Shawn Blakeman, Frank Kelly, Russ Koomas, Alex Lowe,*** and ***Kerry Racine*** booted in the goals necessary to win. Because everyone worked together, the season was outstanding.

This year's JV squad also provided the fans with great excitement. With mostly returning performers, this group of players should contribute heavily to the varsity team next year.

VIKINGS SWING AHEAD

Watch the birdie because it's coming your way. The Vikings had a victorious 1987 season due to the leadership of Coaches ***Jeff Fishback*** and ***Dave Pugh***. "We had an encouraging start. The team is definitely not short of character and has a lot of morale," states ***Dave Pugh***. Even though the team lost many of its "big guns" last year, there is much fire left, in the form of ***Jenn Chow*** and ***Lynn Stepovich***, number one for boys and girls, respectively. Backing up the biggest guns are number one girls doubles, ***Katie Roberts*** and ***Julie Hwang***. While the sport continues to increase in popularity by leaps and bounds, the fun still remains.

PLAYBALL

The 1987 Varsity Viking Softball Team started the season with two pre-season victories. These victories may be attributed to the Lady Vikes' dedication, teamwork and talent.

Says Junior ***Jean Nastari***, "We have a young team this year and we should be strong contenders for the DAL title.

With outstanding players such as Seniors ***Heather Montgomery,*** pitcher, ***Kristen Texiera,*** catcher, and Sophomore ***Stephanie Erwin***, pitcher, the players put together a strong effort.

SWINGING TO STARDOM

"We worked, played, and tried hard . . . that's what made our season successful," so described ***Gary Koker***. This statement was proved to be true as the 1987 season progressed. The boys inspired each other on the field as well as in the dugout. The team was lead by pitchers ***John Neubauer*** amd ***Tim Booth*** and third baseman ***Jeff Hammond***. First baseman, ***Frank Sclimenti***, and Second baseman, ***Dave Barrera***, provided the team with an insuperable defense. The cornerstones of the offense were ***Scott Birdsall*** and ***Rick Freeman***. The Varsity team started off with a pre-season record of 3-2, third in the DAL. The JV team also had a strong 4-1 start, based on the pitching of ***Mike Rohner, Craig Platz***, and ***John Platz***. The Vikings ended their season successfully with their victorious attempts to "cause havoc!"

TRACK STARS

"Let's start again!" was this years' theme for the hardworking track team. Freshmen and sophmores contributed more than ever before. A larger group of jumpers, shot putters, and discus throwers increased the team's potential. ***Garth Utter, Steve Petrovich***, and ***Mark Yuen*** led the boys in long distance while the Boy's Varsity relay team, consisting of ***Sean McAlpin, Steve Harris, Rick Liston***, and ***Greg Yasuda*** were successful throughout the season. The small group of girl sprinters were exceptional and girls' long distance scintillated with runners ***Jennifer Wolden, Kieran Maloney***, and ***Robin Abels***. The coaches inspired the team to live up to its potential and all agreed that if there ever was a building year, this was it.

"This year we are going to take a flying leap . . . I hope we don't fall."

STROKING TO PERFECTION

Slowly walking into his class with wet, dripping hair, the swimmer plops himself down in his seat. He's been up since the daybreak swimming. As he sits there, staring at the wall, he starts to catch some Z's. All of the sudden, he jumps up as he senses the teacher leaning over his desk. He looks around the room and realizes he is the center of attention and begins to feel his face turning red.

This year the Vikes are again heading for a strong season, led by seniors ***Mark Kurthers, Rod Rutledge, Joel Miller***, and ***Dennie Craig*** with equal contribution from underclassmen. In spite of early morning practices, the swimmers manage to put in some good workouts preparing for the tough season ahead.

MATCHMAKERS

What? No water?! You mean the water fountain isn''t fixed yet!?! In spite of this and other complications such as wet, slippery courts and matches in the rain, the boys' tennis team managed to get their game together through hard-working practices and challenging opponents. With the strength of six returning varsity players, two tough freshmen, and the overall enthusiasm of the entire team, the guys pulled together at crucial times and even managed to sneak in some fun here and there. With encouaging victories over St. Francis and Del Mar and close matches with Bellarmine and Homestead in early season competition, the prospects for this team are promising.

Mr. Sluga: "It was the fall of 1971. I had just gotten married five days earlier, and was still recovering from my honeymoon when the department chairman told me he wanted to observe my teaching that very day. He came in during a freshman Writing 2 classs and took a seat in the back of the room. About twenty minutes into what I thought was a terrific lesson, I heard a giggle. I looked up just in time to see the class jump up and storm my desk before I was showered with rice! At first, I was too shocked to even react, but when I saw the department chairman laughing so hard, I became hysterical!"

Mr. Story: Well other than the time I went through half a class period before realizing my zipper was down, there was the time my stepfather tried to give me driving lessons in his big car. I was pretty nervous but I didn't hit anything. Then he told me to drive and pull into the driveway. The problem was that we had big concrete pillars on either side of the driveway. I got the front part of the car through just fine, but I had cut the corner short and I sheared off the whole back side of the car! Naturally, my stepfather wasn't too happy."

Mr. Wilson: "An embarrassing moment? Me? Never! Go away!"

Miss O'Looney: "At the beginning of the year, I had to take some papers over to duplicating. The door to duplicating was closed, and I went into the wrong room - it was a math class, and they were in the middle of a test. I left as quickly as I could, but ten minutes later I had to take another set of papers over, and I walked into the same class again! This time, the whole class looked up at me and burst out laughing! It was terrible!"

The last rays of the setting sun
Sink below the horizon
Not to leave this world dark
But to light another place
Do not mourn for those departed
They have not left your life empty
They're enriching the existance of others
Every day the sun must set
Else it could not rise in the dawn
Instead of fearing the coming day
Await the sunrise which must follow

To best buds and lifeling pals,
I Love You!
Kassy

Dear Hank, or Sue, or Tom, or Betty,
Or whoever Kathy's children may be,
I want to tell you about your mom. You know, the thinker, the dreamer, the dancer, the Cancer (Ha! July 12-I finaly got it!,) the mischief maker, Kathryn Michelle DeZur, or Zaz as I liked to call her. I don't suppose I could ever describe her the way your mother was way back in high school, but I am sure that if you were to watch her someday, as she laughed, or patiently listened to your problems, you's see what I saw that made her the best friend a girl could have.
Take care of her, for, me,
Moey.
P.S. . . . But, just in case you already know how great she is, perhaps I should tell you about the time we . . . Naw.-She'd kill me.

Magoo

Congratulations!

Your father would be proud of you!

Congratulations, Dan'l Boone!

Congratulations,

proud, as always.

Love, Mommy
and Daddy

Through the past years,
We've shared all our tears
From the boys we've Loved
To our deepest fears.
Though the end is near
This is not goodbye,
For a friendship like ours
Could never die.

Friendships that can end
never really began.

Dearest Jenny, Julie, Wandi, Andy, Deb, Larry, Greg, Steve, and my little sisters, Carol and Jennie,

In the sky of friendship, there are many stars,
But none that shine as brightly for me . . .
As all of you. You are the dearest of all,
Shining high above the rest, lighting up my
Life and giving me a wonderful knowledge-
I've got friends.

Knowing that you are my friends, and always
Will be, keeps my faith in happiness alive.
Whether you know it or not, you have gotten
Me over many rough times. It is a comfort
Knowing that when things go wrong and the world
Treats me unfairly, you are there.
It is even more joyous knowing that you truly care.

Your friendships are a few of the things
I treasure most in life, for they give to me
A value beyond wealth, and a wealth beyond words.

I've wanted to express my heart's thanks,
And if the words could be found,
I would tell you this . . .

That come what may, I will always
Consider your friendships
As the greatest of gifts.

Forever Friends!

Love always,
Manda

Aimee-
. . . Friends are friends forever if the Lord's the Lord of them.

And a friend will not say never because the welcome will not end.

Though it's hard to let you go, in the Father's hands we know, that a lifetime's not too long.

To live for friends.

Thanks for being such a great best friend,
Dawn

Love Ya! CW

Dearest Karen
Lady,
.I'll be seeing you in all the old familiar places
That this heart of mine embraces all day through:
.In that small cafe, the park across the way,
the children's carrousel, the chestnut trees, a wishing well.
.I'll be seeing you in every lovely summer's day.
In everything that's light and gay,
I'll always think of you that way.
.I'll find you in the morning sun and when the night is new,
I'll be looking at the moon, but I'll be seeing you.
Forever your kinight, David

J.L.P. ~

you are my sunshine, my only sunshine. You make me happy when skies are grey. No one knows just how much I love you. So please don't take my sunshine away. Oh, oh, oh please don't ever take my sunshine away. - Every body join in! - you are my sunshine, my only sunshine...

Reflections on Jennifer

She makes one hell of a cup
of coffee.
She dishes it out with a smile.
She always smells like spices.
She knows a Manet from a Monet
She also knows a Beethoven
from a Bach.

Her legs... oh yes, Jenniters legs!

WHERE THE STARS

At last! We have been delivered from the excruciating tedium of another school year! Summer is upon us-it's the last stop for fun, sun, parties, and various unmentionables before the next threatening "First Day at School"! (Gasp!)

But roughly one quarter of the Lynbrook populace is leaving for good. (With the unique exception of those on the five-year plan.) The end of the 1986-87 school year brings the Class of '87 face to face with the long-awaited advent of college life. To put it simply, this means new experiences, new knowledge, and new friends. Unfortunately, this also means saying goodbye to many old friends. Without those friends, something would be sadly lacking from the high school experience.

Friends come and go. Some change, others remain the same. There are those we've known for years, and those we've only discovered. Yet each and every friend who passes through our lives leaves his or her traces of themselves in our memories. Time cannot erase those memories; granted,
they may fade as the number of yesterdays grows, and the exact words will probably be forgotten, but their indeilble stamp will always remain.

Don't give up
'Coz you have friends
Don't give up
You're not beaten yet
Don't give up
I know you can make it good.
-Peter Gabriel

Forever Young
I want to be forever young

Forever Young.

WHERE THE STARS

The 1986-87 school year was studded with stars of all varieties (the theme of this yearbook.) There were academic stars, performing stars, athletic stars, social stars and the stars we saw when we read the grades on our report cards. From the splendor of Homecoming top the pagentry of the graduation ceremony, and from the jazz concerts to the choir concerts, Lynbrook's most brilliant stars let their talent shine through.

Now the time has come to bid farewell for another summer. The Class of '87 is about to find itself in "the real world", where the term "sink or swim" is more signifigant than ever before, where the pressures go beyond the pursuit of good grades and into the realm of survival, and where the brightest stars of the Class of '87 will truly shine as this year's graduating seniors shape the future.

As time draws us apart and into our elderly years, let us never forget the friendships we forged at LHS. After the ephemeral textbook facts have left our memories, the immortality of our friends will shine as brightly as ever. We must always remember the camaraderie, the daring idealism, and the youthful spirit which once allowed us to dream of greatness.

"All at once,
I'm drifting on a lonely sea,
Holding on to memories
And that's all that matters now."
-***Whitney Houston***

SHINE

"This is the world we live in
And these are the hands we're given,
Use them and let's start trying
To make it a peace worth living in."
-Genesis

I'm glad I got to know you this year. Especially because I had a lab partner that was a late as I was. Remember all those mornings when we walked in Chemistry late together, and just remembed we hadn't done any of our 1000 pt. homework. If I didn't have you to talk to this year, I don't think I would have made it Through the class. Well, Have a great summer, I hope we get some classes together next year.
